**District Communication Efforts**

The following was accomplished in family engagement during the 2020-2021 school year in support of the Washoe County School District's (WCSD) strategic plan and in response to learning during Covid-19. The Title I Department, the Department of Family-School Partnerships (FSP), the Office of Strategies and Ombudsman Services and the Department of Child & Family Services collaborated to implement district-wide initiatives for family engagement that included:

- The Department of Child & Family Services partnered with families in multiple ways including providing program wide family events on literacy, math and science, parent workshops on the Nevada Pre-K Standards, the transition between Pre-K and Kindergarten and literacy bags to support learning at home. Families receive social and emotional supports including solution cards that support conflict resolution and social stories to help support children through difficult situations. Children and extended family members received books at every event to support literacy. Teachers provide a variety of monthly family engagement activities in addition to having a classroom library for parents to check out books to take home.
- Title I funded and provided supports to Family and Community Engagement (FACE) liaisons hired at district Title I schools in order to provide families academic support and fulfill the vision of family engagement in ESSA.
- FACE liaisons worked collaboratively with the 21st Century Team Up afterschool site coordinators to align family engagement events and activities at their school sites. There were 27 Title I schools in the 20-21 school year that had afterschool programming.
- The following professional learning on family engagement for support staff, teachers and administrators was provided: all WCSD teachers participated in a self-directed course on Flamboyant's REAL Family Engagement framework for COVID during the reopening of schools in the Fall of 2020, select schools received ongoing professional learning support and coaching on how to engage distance learning families as well as time to reflect on positive communication tied to learning, teachers seeking licensure requirements were supported with a course from Northwest Regional Professional Development Program, two Alternative Routes to Licensure cohorts were supported with an 8-hour family engagement class, a partnership with the Equity & Diversity Department and Family-School Partnerships supported teachers and administrators with a Book Study on Biased by Dr. Jennifer Eberhardt. FACE liaisons/FGAs/Student Graduation Advocates were supported with understanding secondary trauma and Youth Mental Health First Aid through the Children's Cabinet, and leadership teams from schools were supported by the collective efforts of the Office of Ombudsman Services and Strategies to provide a Trauma Informed Classroom four-day conference focusing on the intersections of trauma with SEL, social work, counseling, Equity & Diversity as well as family engagement.
- FACE and high school Family Graduation Advocate (FGA) academic contacts were tracked with families in the Infinite Campus Student Information System to provide continuous improvement and focus the FACE and FGA positions on supporting families with their child's academic achievement and development. School reports to pull and monitor their own data continued to be refined. FSP coordinated an FGA PLC monthly and provided individual monthly coaching sessions to each of the school-based staff members to identify resources needed and problem-solve challenges. FACE Liaisons received virtual training on Read by Grade 3, WIDA levels and assessments, CIT updates, and B.I.G. data warehouse training along with virtual one-on-one and area meetings on a regular basis.
- FSP continued the 9th year of WCSD Parent University and shifted practice to meet the virtual needs of families with the reopening of schools in the Fall of 2020. Parent U began the school year with two webinar series: FAST webinars (Families and Staff Together 4 Kids). FAST webinar topics included: Keeping Kids Safe and Healthy during the School Year, Technology Learning Supports and How to Utilize Them and Special Education Engagement, Behavior and support with the "Unique" Program for Students. An additional webinar series, Thursday Tech Tips, offered four topics: Microsoft Teams, Office 365, Checking your Student's Work and Screen Time. These webinars were also recorded, split into smaller video segments and shared with teachers to use throughout the year. All of the webinars offered were provided with full versions in English and Spanish and many of the webinars also offered an ASL interpreter. Parent University also collaborated with NWRPDP to support a cohort of teachers with Literacy Clubs. Teachers were first provided with professional learning and collaboration time to understand the research and practice with family engagement. Teachers then hosted virtual family engagement Literacy Clubs with their own families and were supported with technology supports, funding for take-home supplies and interpretation support. School site were also supported with Parent University classes in collaboration with community partners such as the WC Libraries. A Technology Drive-in was also held for families to address the technology divide and build the capacity of families to utilize educational technology to monitor their children's progress and support learning at home.

- The Family Stability group, a partnership between WCSD, UNR School of Social Work, UNR Human Development and Family Studies, TMCC and various community partners including the Food Bank, Community Health Alliance, Communities in Schools and various other partners continued to study IEL's Full-Service Community Schools model to further develop and strengthen this comprehensive model in various neighborhoods and communities. This collaborative wrote a grant for the USDOE's Full-Service Community Schools grant.
- The Department of English Language Development continued to support new families in the community who were seeking refuge in partnership with Northern Nevada's International Center, providing families with individual support in the transition to school and connecting families with current resources to support their navigation of the educational system.
- All schools created a comprehensive plan for family engagement incorporated into the School Performance Plan.
- Support was provided for the district's Council on Family Engagement, an advisory volunteer board that works in partnership with the district on WCSD's family engagement efforts. The Council made various recommendations to the Superintendent regarding the different learning models during COVID and how to refine district practices for stronger family engagement. The Council also reviewed the survey data with the Accountability Department from families in the Fall of 2021 to make further recommendations to the district regarding family feedback and continuous improvement of learning models.
- The district provided an online district-wide Family Climate Survey in the fall to understand how to continuously improve the various learning models.
- FSP shifted our support for the Parent Teacher Home Visit Program in 21 schools to implement virtual Bridge Visits with families focusing on relationships, hopes and dreams. FSP staff members and teacher leaders provided school staff members with 6 different professional learning sessions to support understanding in shifting to virtual visits. FSP provided monthly coaching for school site PTHV Champions/Site Coordinator.
- Title VI supported Native families by providing devices, increased connectivity in rural communities, several outreach events with school supplies, culturally responsive summer reading materials, individual student and family coaching through Student Graduation Advocates and support through collaboration with both Reno Sparks Indian Colony and Pyramid Lake Paiute Tribe.

## Discipline

The mission of the Ombudsman & Strategies Office is to provide system-wide leadership for a unified approach to fostering climate and student engagement. An engaging climate which optimizes learning is one in which students, families, and staff share a sense of belongingness, is inclusive, and one in which equitable practices and collaboration prevail. This requires coordination between many office departments including our Equity & Diversity Department, our MTSS-SEL Department, our Intervention Department, our Family Schools Partnership Department, Our Counseling Department and Social Work Division, and our Behavioral Divisions. It also requires cross-office collaboration with the Office of Accountability, Office of Academics, and the Office of School Leadership.

Our Behavior Division works on an ongoing basis with school site administration focusing on preventative measures and non-traditional forms of discipline. Working collaboratively with schools and multiple stakeholders, we have developed our behavioral manual and behavioral matrix which provides clear guidance and expectations regarding disciplinary practices. A major emphasis of this work is to decrease the number of major behavioral incidents, including the number of incidents related to bullying or cyber bullying, and to reduce the use of out of school suspensions, as appropriate. It also places a premium on non-traditional disciplinary strategies such as Restorative Justice.

In response to revisions to NRS 392.4644 and other related sections, the District:

- Updated WCSD Policy to reflect the changesUpdated guidance manuals and procedures to support schools regarding changesProvides ongoing training to all school administrators regarding the changes
- Worked with the Washoe Education Association and other associations to provide information regarding the legislative changes

The WCSD continues to examine student behavior, school climate and safety data through an equity lens. All schools participate in climate and safety surveys annually, which include parents, students and staff results. Reports are issued to all schools with opportunities to interpret information. Periodic time is spent with schools examining discipline outcomes and disproportionality.

### Department of Civil Rights Compliance

The Department of Civil Rights Compliance (DCRC) has the following responsibilities:

- Ensure that Board Policy, Administrative Regulations and Procedures are in place to ensure a safe and respectful school environment for all students and staff
- Create a streamlined procedure for filing and resolving complaints and appeals
- Present training and act as a resource to school administrators responsible for investigating bullying complaints
- Establish relationships with the Nevada Department of Education and the Office of Civil Rights and resolve complaints filed with these agencies

As an on-going practice the WCSD engages in providing a Behavioral Matrix which also serves as the WCSD's Progressive Discipline Plan. This document is designed to support administrator's in providing consistency in disciplinary consequences. This document is reviewed and revised by a multi-disciplinary team and all administrators have the opportunity to receive training on the Behavioral Matrix on an annual basis.

Data as of: End of school year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

\*\*\* indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

\*\*The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

\*\*\* indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

## Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to [www.nevadareportcard.nv.gov](http://www.nevadareportcard.nv.gov).

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the "Approaches Standards" range of achievement

MS = Percentage of students performing in the "Meets Standards" range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
